LATE CANCELLATION of PROCEDURES:

Your appointment is reserved especially for you. We understand that your time is valuable to you, just as all of the other patients who are waiting to see us. Unfortunately, there are patients who cancel their appointments at the last minute or miss them completely (no show). This not only disrupts the office schedule but it is also unfair to the other patients who could have been seen sooner.

If you cancel your procedure; Endovenous Laser Ablation, Radiofrequency Ablation and/or Ambulatory Phlebectomy, within 72 hours of your appointment you will be charged a cancellation fee. This fee must be paid before another appointment will be scheduled. This fee is not billed to your insurance company. It is paid by you, the patient. Obviously if there are special circumstances, we may take those into consideration on an individual basis. We feel this policy is in the best interest of all our patients. We want to impress upon you the importance of keeping your scheduled appointment.

CANCELLATION FEE:

\$150.00

Last minute cancellations and no-show visits are recorded in your patient file.

Three (3) late cancelled or missed appointments may result in discharge from our practice. Without compliance from you, as the patient, the Vein Center team cannot effectively treat you.
